HABIB KHAN

Front-End Specialist | MERN Stack Developer | Full-Stack Web Developer

Hyderabad & Karachi, Sindh, Pakistan | 0313-1242702 | meo24693@gmail.com

LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Front-end focused MERN Stack Developer with strong UI development skills and experience building modern, responsive, interactive web applications. Strong working knowledge of HTML, CSS, JavaScript, React.js, Next.js, TypeScript, and Tailwind CSS, with practical back-end experience in Node.js, Express.js, MongoDB, SQL, and REST APIs. Has independently developed and deployed full-stack and front-end applications, and is currently practicing desktop application development with Electron.js. Seeking Junior Front-End Developer, MERN Stack Developer, or Full-Stack Developer opportunities.

TECHNICAL SKILLS

- **Front-End:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, TypeScript, Tailwind CSS
- **Back-End:** Node.js, Express.js, REST APIs
- **Databases:** MongoDB, SQL
- **Desktop Development:** Electron.js
- **Tools & Platforms:** Git, GitHub, Netlify, Vercel, VS Code

PROJECTS

AI Career Pilot – Full-Stack MERN Application

Live Demo: ai-career-website.netlify.app

- Independently developed a full-stack AI-powered career platform using MongoDB, Express.js, React.js, and Node.js.
- Built an interactive dashboard with multiple career development features.
- Integrated an AI-powered Resume Analyzer that analyzes uploaded resumes and provides scores, summaries, strengths, and improvement suggestions.
- Developed job search functionality to help users explore job opportunities.
- Implemented user authentication, protected routes, and backend API integration.
- Worked on both front-end and back-end development.

Personal Portfolio Website – Next.js

Live Demo: habib-khan-portfolio.vercel.app

- Designed and developed a professional personal portfolio using Next.js, React.js, TypeScript, and Tailwind CSS.
- Created responsive sections to showcase technical skills, projects, education, and experience.
- Implemented interactive UI components, animations, and modern design elements.
- Integrated a contact form with email functionality.

Job Search Admin Panel

Live Demo: jobsearch-adminpanel.netlify.app

- Developed an admin dashboard for managing job listings and website content.
- Implemented dashboard layouts, navigation, and interactive front-end functionality.

Job Search Website

Live Demo: react-jobsearch-website.netlify.app

- Developed a job search platform using React.js, JavaScript, and Tailwind CSS.
- Implemented job browsing and searching functionality across multiple countries.
- Independently handled front-end development and UI implementation.

Personal Portfolio Website – Front-End

Live Demo: portfolio-website-2k26.netlify.app

- Developed a personal portfolio using HTML, CSS, JavaScript, and React.js.
- Created responsive layouts and interactive UI components.
- Showcased technical skills and development projects.

Weather Fetching Application

Live Demo: weatherfetching-app.netlify.app

- Developed a weather application using JavaScript and API integration.
- Implemented dynamic weather data fetching and display.
- Created an interactive and responsive user interface.

CURRENT LEARNING

- Currently practicing Electron.js with React.js to develop desktop applications.
