HABIB KHAN

Front-End Developer | Special Back-End Developer | MERN Stack Developer

Hyderabad, Sindh, Pakistan | 0313-1242702 | meo24693@gmail.com

LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Front-end focused MERN Stack Developer with hands-on experience building responsive, user-facing web applications using React.js, Node.js, Express.js and MongoDB. Completed a 6-month Web Development training program at ZABTech (SZABIST), Hyderabad, and has independently built and deployed multiple full-stack projects, including a job-search platform and its admin dashboard. Currently pursuing a BS in Information Technology at the University of Sindh. Seeking an entry-level Front-End / MERN Stack Developer role to contribute technical skills and continue growing as a professional developer.

TECHNICAL SKILLS

- Front-End: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Tailwind CSS
- Back-End: Node.js, Express.js, REST APIs
- Databases: MongoDB, SQL
- Tools & Platforms: Git, GitHub, Netlify, VS Code

PROJECTS

Job Search Website — *React.js, JavaScript, Tailwind CSS*

- Built a job-search web application that lets users search and browse job listings across several countries.
- Worked independently as the sole developer, handling both UI design and front-end logic.

Live: react-jobsearch-website.netlify.app

Job Search Admin Panel — *React.js, JavaScript, Tailwind CSS*

- Developed a companion admin dashboard for the job search platform to manage job listings and content.
- Focused on clean, functional dashboard UI and smooth navigation between admin views.

Live: jobsearch-adminpanel.netlify.app

Personal Portfolio Website — *HTML, CSS, JavaScript, React.js, Tailwind CSS*

- Designed and built a personal portfolio to showcase projects, skills, and contact information.
- Implemented a fully responsive layout optimized for both desktop and mobile.
